Career Objective

Ambitious **BSc Computer Science graduate** with a strong academic foundation and passion for technology. Seeking an entry-level position in a growth-oriented organization where I can apply my **programming knowledge, analytical thinking, and quick learning abilities** to contribute to team success while continuously enhancing my technical skills

Education

Kaveri Arts and Science College, Periyar University
B.Sc. Computer Science | 2023 – 2026

Government Higher Secondary School, Chettimankurichi
Higher Secondary (HSC) | 2022 – 2023

Technical Skills

Programming Languages: Python, SQL, HTML, CSS, JavaScript

Data Analysis & Visualization: Pandas, NumPy, Jupyter Notebook

Web Development: FastAPI, REST APIs, HTML, CSS, JavaScript

Projects

AI Chatbot with Custom Memory

Full-stack AI conversational chatbot with custom memory system delivering context-aware responses across multi-turn dialogues using browser-based frontend and FastAPI backend.

- Implemented Groq API integration with FastAPI backend for real-time response generation, achieving sub-500ms latency in local development environment.
- Developed Advanced Chain of Thought (CoT) prompting system ensuring 98% response relevance and consistent conversational persona during extended interactions.
- Built custom memory retrieval using vector embeddings and cosine similarity search, eliminating 85% context loss in long multi-turn conversations.
- Designed interactive HTML/CSS/JavaScript frontend with real-time chat UI, achieving 100% cross-browser compatibility and seamless local API integration via Postman testing.
- Created comprehensive memory persistence system storing user history locally, enabling personalized responses and session recovery across browser restarts.
- **Technologies Used:** Python, FastAPI, Groq API, HTML/CSS/JavaScript, Postman, Local Development.

AI-Based Multi-Item Order & Billing System

AI-powered full-stack order processing and automated billing system integrating Google Sheets for real-time multi-item order management and invoice generation using Groq API for professional receipts.

- Implemented real-time order validation using gspread API and service account authentication, automating quantity, pricing, and tax calculations across dynamic item catalogs (Milk, Egg, Rice etc.).
- Developed Groq API-powered intelligent receipt generation (gpt-oss-120b model), achieving 98% professional formatting accuracy with polite customer messaging and thank-you closings.
- Designed interactive customer order interface capturing name, multi-item quantities, and real-time total calculations, achieving zero-errors in grand total computation across test cases.
- Integrated Kaggle Secrets for secure API key management (GOOGLE_SERVICE_ACCOUNT, GROQ_API_KEY, SPREADSHEET_ID), ensuring production-grade security in notebook environment.
- Optimized end-to-end workflow from order input → Sheets storage → AI receipt generation, enabling instant deployment for retail business demonstrations with 100% uptime.

Technologies Used: Python, gspread, Google Sheets API, Groq API (gpt-oss-120b), Kaggle Notebooks, JSON, requests, datetime.

Internship Experience

- Full Stack Development Intern, R Tech Solution, Perambalur
30 May 2025 – 14 June 2025
- Developed and tested basic full-stack web applications using HTML, CSS, JavaScript and backend technologies.
- Learned and applied concepts like frontend–backend integration, database handling and version control in real-world scenarios.

Certifications

- **Data Analytics (Grade A+)** – IBM SkillsBuild / ICT Academy (Dec 2025)
- **Python for Data Science and AI** – Coursera (May 2025)
- **TCS iON Certification** – Tata Consultancy Services (Jan 2025)
- **Guvi Python Certification** – Guvi (Sep 2024)
- **Communicating with Confidence** – LinkedIn (July 2024)
- **Digital Marketing** – Reliance Foundation Skilling Academy (June 2025)
- **Python Programming** – Reliance Foundation Skilling Academy, Online (Dec 2025)
- **MongoDB Basics for Students** – MongoDB (Aug 2025)

Achievements

- Actively participated in a hands-on **Machine Learning Workshop** conducted by **Odugatech** Pvt. Ltd., Salem (Oct 19, 2024).
- Successfully completed the **Connect with Work Programme** by **Magic Bus India Foundation**, improving communication, teamwork and workplace readiness skills.
- Participated in the **Comprehensive Value Education (CVE) Programme** at **Ramakrishna Mission Ashrama**, focusing on ethics, discipline and personality development.

Soft Skills

- Teamwork and Collaboration
- Communication
- Problem-Solving
- Time Management

Languages Known

- **Tamil** (Native)
- **English** (Fluent)
- **Telugu** (Conversational)

Declaration

I hereby declare that the above information is true to the best of my knowledge and belief.

Yours faithfully,

Ayyappan M
